Sen. Gil J. Puyat Ave, Barangay Pio Del Pilar, Makati City

PROFESSIONAL EXPERIENCE

- Software Developer**
Armed Forces of the Philippines

May 2024 - January 2026

 - Developed new modules and implemented fixes for the Personnel Management System using Laravel, Vue.js, and JavaScript, improving personnel tracking, request processing, clearance workflows, and platform stability.
 - Designed, developed, and maintained desktop and web applications, integrating database and server-side technologies for efficient data management and user interaction, including a secure messaging application, an inventory system, and a centralized news portal.
 - Managed and optimized database structures and queries to ensure system performance, reliability, and scalability.
- Software Developer Intern**
Armed Forces of the Philippines

Feb - May 2024

 - Contributed to application development and code reviews while collaborating with a team of engineers to design, develop, and implement secure RESTful APIs, incorporating feedback to improve code quality, performance, and maintainability.
- Freelance Developer**

June 2024 - Present

 - Developed and deployed responsive, cross-browser compatible websites using Bootstrap and JavaScript,
 - Conducted Search Engine Optimization to ensure compliance with industry standards.

PROJECTS

- orientholdingsph.com**
Orient Holdings Philippines Group of Companies Inc.

 - Developed and deployed a responsive company website featuring a modern, clean design with engaging user experiences across various devices using Bootstrap and JavaScript.
- Inventory System**
Armed Forces of the Philippines

 - Developed a web-based inventory management system using PHP (Laravel) and Vue.js, implementing full CRUD (Create, Read, Update, Delete) functionality to efficiently track, manage, and update stock levels.
- Desktop Messaging Application**
Armed Forces of the Philippines

 - Designed and developed a secure messaging application using the .NET Framework with C#, featuring end-to-end encryption, message transmission, user authentication, and real-time updates to ensure data privacy and secure communication.

HARD SKILLS

- Laravel | C# | JavaScript | HTML | CSS | PHP

React JS | Vue JS | Node JS | .NET Framework | ASP.NET

Database Administration | SQL | MySQL | T-SQL
- Git Source | GitLab | GitHub

UI/UX Design | Prototyping | Graphic Design | 3D Modeling

DevOps | Agile SCRUM | Productivity Suites

EDUCATION

- Bachelor of Science in Information Technology**
STI College Cubao

Science, Technology, Engineering, & Mathematics
STI College Cubao - Senior High School
With honors

CERTIFICATIONS

- On-the-job training - 486 hours**
Armed Forces of the Philippines
